

Dear Friends and Family,

In this Issue:

- ◊ South Africa mission trip report.
- ◊ Zambia, Malawi, and Zimbabwe mission trip.
- ◊ Appreciation for support.

Greetings in the precious Name of our Lord and Saviour, Jesus Christ.

Last time you heard from me, I was just departing on a mission trip around South Africa. I am happy and excited to be able to report back on this trip.

I thank and praise God for the amazing opportunity that I have to be involved in this work here at Frontline Fellowship. Not only is it a privilege for me to be involved in the work, a noble and admirable work, but also to have the incredible opportunity to learn from giants in the missionary world. This is my main objective in these months and years that lie ahead—to learn as much as I possibly can. Yes, also to serve and assist in every possible way, and that, in fact, is one of the best ways to learn—by experience.

I am therefore happy to report that on this mission trip around South Africa I learned a lot of valuable lessons that will definitely help me in my next mission trip to Zambia, Malawi, and Zimbabwe. And I'm intensely looking forward to this trip and what I will learn on it.

South Africa Mission trip

We praise God for His extraordinary grace which we experienced in so many ways as we visited dynamic ministries throughout South Africa. Our team drove over 5,000 km and conducted over 110 meetings, lectures, sermons, presentations and radio programmes during the three and a half weeks of ministry.

Preparation

Monday the 23rd August was spent packing book boxes, audio visual boxes, donation boxes, and preparing equipment for the trip.

Tuesday the 24th August was dominated by the packing of the vehicle. We had to pack strategically so as to pack in first the items that we would be using last, and packing in last the items that we would be using first.

Most of the books and literature that were set aside for donations to ministries later in our trip were packed on the roof racks. These boxes obviously had to be made weather proof and we did so with strong black plastic and duct tape.

And we're off

We left Cape Town from Dr. Peter Hammond's home at 15h20. The sun was shining and the weather was good, the scenery was immaculate.

We started off listening to an audio drama called 'Les Misrables' which definitely made the road trip more interesting.

Dr. Peter Hammond had his laptop out and was busily working away at what keeps him busy, who knows what he was working on, could have been preparing some of the lecture presentations, writing a book, or catching up on some admin or communications.

One of the many lessons that I learned from Dr. Peter Hammond on this trip is - 'Make good use of the time that you have'.

Verreeniging – Spirit Life Church

Dr. Peter gave a presentation on *Faith Under Fire in Sudan* which was well-received by the church gathered there. There was a great interest in the presentation and there were many questions and comments afterwards. There was also a great interest in the book table and discussions continued till quite late.

At 07h45 Dr. Peter addressed the students at assembly at Three Rivers Christian Academy. He went through the Evangelism Explosion Gospel presentation with them and taught them the marching song'. He then went on to present *The Bible and Animals*.

Dr. Peter then gave a presentation on *God's Law vs. Paganism* to the senior students. I was able to give them an encouragement and a challenge in the end by means of my testimony

Family matters

We stopped over at Dr. Peter's sister's home in Benoni where Dr. Peter had the opportunity to visit and catch up with family matters. We were introduced to the interesting pets that Vanessa keeps in her home – a bearded lizard and a monkey. She also had a cute little dog, but I think it's too small to be called a dog, it's more like a rat or hamster. I just think it's wrong to call something that small a dog. Ha-ha.

NG Kerk in Roodepoort

At 19h00 Dr. Peter Hammond presented "Why we all need a Biblical Worldview" to the gathered members of the NG Kerk in Roodepoort.

Biblical WS Pelindaba

I must say that at this venue we had the best book-table of the whole trip. It was a lovely big wooden table upon which we could display all our material. I learned how to set up a book table on this trip. Dr. Peter is quite particular about how it gets done. And it looks impressive.

Dr. Peter gave lectures on *Crusades vs Jihad; Discerning Between True and False Guidance; God and Government; How Christianity Changed the World; Revival in History* and an *Evangelism Workshop* incorporating both Way of the Master and Evangelism Explosion.

Early on Saturday morning, I took the seminar participants for PT to stretch the muscles a bit.

We were able to distribute lots of books and literature to the participants of this course. Our bakkie was a lot lighter as we travelled to our next appointment arriving around midnight.

Back to the Bible Training College

Here we were able to conduct a four day **Great Commission Seminar** for more than 110 students from 14 different nations including: Angola, Botswana, Ethiopia, Ghana, Kenya, Lesotho, Malawi, Mozambique, Namibia, Swaziland, Rwanda, Zambia, Zimbabwe and the Congo. They were very responsive and there were many questions and discussions after the meetings.

I took them for two hours of PT one afternoon. They need a lot more. I had the opportunity in the end to address the students at the college. I challenged them to greater zeal and passion for the glory of God. Cheating and lying and selfishness is all too prevalent in most church leaders. I challenged them by the example of King Jehu to refocus their zeal on God's Kingdom and God's glory.

KwaSizabantu Mission Zululand

As we drove through Zululand in the dark, being cautious that stray animals onto the road, we drove into thick mist making it terribly difficult to see even 10 meters in front of our vehicle. I had to slow down almost to a crawl—what makes matters worse is that the roads aren't even properly marked. Praise God, we arrived safely in the rain at midnight.

Christians For Truth conference

Dr. Peter Hammond presented *'The Mountains of God'* presentation. It was, without a doubt, a most excellent presentation and well presented. In my opinion, it was the highlight of the entire conference.

Jivannadi Mission

As we arrived at midnight, I was intensely and pleasantly surprised to find a large group of my friends gathered and waiting to greet me.

As this was the mission where I grew up and spent almost five years serving, I had a pleasant time of fellowship with friends and family.

Dr. Peter took the Sunday morning worship service for RCA Maranatha Family Church and also the Sunday morning worship service for Jivannadi Mission. I was given an opportunity to bring greetings from Frontline and report back on some of the mission opportunities and to express thanks for support and gratitude for releasing me to Frontline Fellowship.

Dr. Peter also spoke at the evening services at Jivannadi Mission on Monday and Tuesday nights.

Dr. Peter took the Jivannadi Christian School devotions. He presented *'Marvels of Creation and Science'*.

Dr. Peter then had many radio interviews and sermons to record for Good News Community Radio.

I took the Jivannadi Christian School devotions. I spoke on *'Fearing God'*.

His People Church Westville Campus

Dr. Peter presented *'Marvels of Creation and Science'* to the university students gathered their Evening Bible School. They were quite an energetic audience.

Kokstad First Baptist Church

Dr. Peter presented *'Andrew Murray and the 1860 Revival'* to the gathered members of Kokstad First Baptist Church

The next say Dr. Peter presented *'The Bible and Animals'* to the Kokstad ACE school assembly and I presented *'Do not be Deceived'* to the senior students.

As drove through Transkei, I had to be careful not to drive into any animals on the road. We saw quite a few carcasses on the side of the road of poor animals that did not make it. The land is dry yet shows signs of soil erosion. We came to see that the land suffers under a people that don't honour God.

East London

Dr. Peter took the staff devotions at Advance for Life School and then presented *'The Bible and Animals'* to the school assembly and I presented *'Fearing God'* to the senior students.

Dr. Peter had a live interview on Link FM Radio.

In the evening, Dr. Peter presented *'Minds, Morale, and Movies'* which was followed by the film, *'Hollywood be Thy Name'*, an excellent film by Way of the Master ministries.

Sterling Full Gospel Church in East London

Biblical Worldview Seminar

I took the Devotions. I spoke about being doers of the Word and not merely hearers.

The topics that Dr. Peter dealt with throughout the seminar were *'God's Law vs. Paganism'*, *'Worldviews in Conflict'*, *'A World War of Worldviews'*, *'Battle for the Mind in the News Media'*, *'Evangelism Workshop'*, *'Discerning Between True and False Revival'*; *'Discerning between True and False Guidance'*; and *'Revival Amidst Persecution in Sudan'*.

Taryn Hodgson ran a *Christian Action Workshop* focusing on *Reclaiming Africa for Christ*.

Grahamstown

Seeing as we arrived a bit early, we used the time to visit the 1820 Settlers Monument. We also visited the cathedral in the center of town.

Dr. Peter presented *'Battle for the Soul of the Continent'* to the His People School for African Reformation at Rhodes University.

Alexandria

Minister's fraternal

Dr. Peter spoke at a gathering of pastors and ministers. The topic of discussion was *The Need for Biblical Reformation in Education*

ACE School

Dr. Peter presented *'Marvels of Creation and Science'* to the school assembly.

I presented *'Do not be Deceived'*, and Taryn Hodgson spoke to the students about how God uses the small and foolish things in the world to confound the strong.

Addo Elephant Park

Since we had some time, we decided to drive through Addo Elephant Park which was not far out of our way. We had some amazing opportunities to see quite a number of elephants, some of them in one herd. We saw more than 100 elephants some as many as 50 in one herd.

Port Elizabeth

Our team had to split up for the first time on this trip as we had two meetings in two churches at the same time.

Dr. Peter spoke at the Westend Baptist Church

I was invited to PE Home Church to present my testimony to their young people especially. My topic was *Do Not be Deceived*.

Dr. Peter Hammond presented *'The Drama of the Reformation'* to the senior students at Harvest Christian School

Plettenberg Bay

16 September

Dr. Peter presented *'Faith Under Fire in Sudan'* to the school assembly at Plettenberg Bay ACE School. I closed with a short encouragement and prayer.

We arrived back at Livingstone House in Cape Town at 16h00 on September 16. And so concludes the report on our South Africa mission trip.

Mission to Zambia, Malawi, and Zimbabwe

By God's grace, we are able to set out on a two month mission trip across the border with lots of Gospel literature, discipleship training books, leadership material, medical supplies, and evangelistic material. By the time you receive this newsletter, we will have already embarked on this mission, so please pray for us.

We plan to minister in Zimbabwe where we will also be training and equipping chaplains and evangelists. We also will be visiting and supporting orphanages and pension homes, encouraging and ministering to them.

We will go to Zambia to a primitive tribe in the west, between the Angola border and the Zambezi river. We intend to infiltrate this dark area with the Gospel of Jesus Christ, and we pray that many will bow to His authority.

We will do some leadership and discipleship training in and around the capital city, Lusaka. And other ministry in the east and cross over into Malawi where we will be doing some outreach among the rural areas. We will also be training and equipping chaplains and evangelists in this area.

Please pray for the success of this mission, that God's Great Name may receive much glory, and that His Kingdom may advance in these areas.

Thank you for supporting me

I really want to thank each one of you who has given of what you have to support me in this ministry to which God has called me. Your support is greatly appreciated and much needed. I know that some of you give out of the very little that you have, may God see what you have done and bless you richly.

I am reminded of the Macedonians in 2 Corinthians 8:1-4 who begged for the opportunity to sacrifice their meager possessions for the saints in Jerusalem.

"Beyond their ability, they gave of their own accord, begging us with much urging for the favour of participation in the support of the saints" (2 Corinthians 8:3-4)

The way their **joy in God** overflowed was in the joy of giving.

"In a great ordeal of affliction their abundance of joy and their deep poverty overflowed in the wealth of their liberality." (2 Corinthians 8:2)

"Their joy was not due to the fact that God had prospered them financially. He hadn't! In extreme poverty they had joy. Therefore, their joy was a joy in God, not in things."

-John Piper *The Dangerous Duty of Delight*

Please write to me and let me know that you are praying for me. Your letters are always appreciated.

Thanks again for all your prayer and support. May God richly bless you.

"That His Glory may dwell in our land."

Psalm 85:9
